

# Simple, effective billing

We know you have better things to do than wrestle with complicated payment processes, so we've made setting up and managing your FOXTEL account simple. Here are some essential points you need to know to avoid unnecessary hassle.

## Your billing date

As a FOXTEL customer, you prepay for your service. This means your first invoice will be sent a couple of days after your connection date. Each month, this will be your billing date. If you connect on the 13th, for example, you can expect an invoice around this date every subsequent month.

Payment is required within two weeks of receiving your invoice. (The due date will be stipulated on the invoice.) If you have billing enquiries, please contact your FOXTEL Business Representative.

## Choose how you'd prefer to pay

Businesses need to be flexible, which is why we provide a variety of ways to make your monthly FOXTEL payments:

- **Easypay**, FOXTEL's direct debit service, makes paying your account simple and easy. It means one less thing to worry about, as payments are automatically made from your nominated account every month. Call 1300 306 460 for more details.
- EFT (Electronic Funds Transfer) – available to some business customers.
- BPAY® – you'll find comprehensive instructions for using BPAY on your invoice.
- Credit or debit card (not EFTPOS) – make one-off payments by phone.

Payment is due two weeks after your invoice

Flexible payment options
